Children and Teen Activities

Baby and Me (3 months - 1 year)

A place where caregivers (mom/dad/grandparent/nanny/etc.) come together for support, connection and play, as well as to build friendships that will carry them through as baby grows. In this class, we will create an open and comfortable environment to enable sharing and discussion of a variety of weekly topics geared towards baby care and support. Baby and Me activities help build intimate connections between caregiver and baby through singing, movement and play. All of the activities encourage child development in fine and gross motor skills. Discussions about the holidays and creating Jewish traditions will be a part of each class.
